### **Michael A. Segreti named President of REX Electric & Technologies, LLC**

Chicago, IL – September 10, 2013 – REX Electric & Technologies, LLC, one of the largest full-service electrical and technology solutions providers in the Midwest, has named Michael A. Segreti as its President.

Dominic M. Sergi, REX Chief Executive Officer, noted that Segreti will be responsible for all day-to-day business and operations across the company. Sergi will continue focusing on the vision and future growth of the firm.

“Mike has made significant contributions to our company over the past seven years as our Chief Financial Officer. His combination of intellect, integrity and client service will serve REX and our clients well as he assumes his additional responsibilities,” Sergi said. He noted that Segreti will retain his Chief Financial Officer title and responsibilities.

Segreti joined REX in May of 2006 as Vice President and Chief Financial Officer. He has 25 years of experience serving in general management and top financial roles. Prior to joining REX, he had been Vice President and General Manager of 21st Century Systems, a technology consulting firm. He holds an MBA from DePaul University and a BS in Accounting from Elmhurst College.

REX Electric & Technologies, LLC is a leading electrical and technology contractor, serving general contractors, end-user businesses of all types and residential clients with a variety of electrical services and technology systems. REX office and field staff work in close partnership with clients ranging from start-ups to Fortune 1000 companies to deliver excellent craftsmanship, outstanding service and safety and exceptional value. Family owned and operated since 1921, REX stands behind its craftsmanship. For more information, please visit [www.REXelectric.com](http://www.REXelectric.com).
